Bangalore.

Sir,

In continuation of my Circular letter No 759-7.3 dated 7th April 1898 I have the honor to inform you that the blocks then formed for Supervising purposes consisting of about 150 houses per block having been found too large for effective working by one man, each block has been reduced by two thirds, i.e. to one of 50 houses or less and additional blocks of 50 houses each having been formed.

2. Lists of officials available in each Circle for the work of Supervising the blocks have now been received from all Circle Superintendents, and I have the honor therefore to forward you a list in each of the officials mentioned on these seven Superintendents' lists as belonging to your office and to request that you will be so good as to place their services at my disposal to enable the Complete Supervising staff to be effected.

2. In this Connection I would like to invite your attention to Government Notification No 77-43 Miscl dated 2nd July 1898 and I would also point out that the size of the blocks have now been so greatly reduced, I do not anticipate that the Supervisors will find any difficulty, if they commence their work punctually at 7 A.M. each day in order that their Supervising work may be over by 9:30 A.M. daily and that they may thereby be able without inconvenience to attend their regular offices by 12:30 each day and I trust that you will not consider the lengthening of their work to this extent likely to cause undue interference to the work of your office.

3 To avoid confusion and delay I shall be glad if you will instruct the officials mentioned in the accompanying list to report themselves for duty at 7:30 A.M. on Monday the 25th Instant at the offices of the Supervising Staff of the different

Circles

circles shown opposite each officials name.

No. 4632
Pg. F. 21-96

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 4th October 1896.

To—All Heads of Departments,
Heads of Government Offices,
Principals and Head Masters of all Colleges and Schools } in the Bangalore City.

SIR,

You are doubtless aware that the Bubonic Plague is spreading in the Bangalore City with unforeseen rapidity.

2. Government are anxious that inoculation according to Professor Haffkine's method, which is now recognized to be one of the most important preventive measures against the plague, should receive all possible attention, especially in all Public Offices, Colleges and Schools to which large numbers of persons daily resort from all parts of the city, and among members of the Silladar, Barr and Police Forces in the Bangalore City.

3. The Government note with satisfaction that inoculation is beginning to be greatly appreciated by all classes of people in the Bangalore City and elsewhere in the State. The Senior Surgeon and Sanitary Commissioner with the Government of Mysore is endeavouring to obtain as quickly as possible the quantity of *serum* required to meet the rapidly increasing demand, and he has appointed the following Medical Officers for inoculating all applicants in the Bangalore City :—

No.	Name.	Designation.
1	Surgn. Lt.-Col P. H. Benson	Sr. Surgn. and S. C. M. Govt., Bangalore City.
2	Mr. D. A. Choksi	Chief Plague Officer, do
3	„ S. V. Ramasamy Iyengar .	Acting Civil Surgeon, do
4	„ M Srinivasa Rao ..	Chemical Examiner, do
5	„ E. S. Krishnasamy Iyer ...	Health Officer, do
6	„ G. G. Noronha	Asst Surgn., I. S. Regt., do
7	Miss Ayachammal	Do Maternity, do
8	Mr. P. Palpu	Do Supt., Plague Camps, do
9	„ V. Abboy Naidu ...	Do Asst. Health Officer, do
10	„ C. A. S. Ramasamy Pille ...	Sub Asst. Surgn. & Asst. Health Officer d. d. under the orders of Mr. Choksi do
11	„ Mahomed Oosman ...	Sub-Asst. Surgn Asst. Health Officer do
12	Miss L. Patton	Lady Apothecary, do
13	Mrs Sundaramma Dhansingh ..	Do do
14	Mr. Rangachar	Asst Health Officer, do

4. I am desired by the Government to request you to be so good as to impress upon all persons employed under you or attending your Office or School the desirability of getting themselves and the members of their families inoculated and thus availing themselves at the earliest possible opportunity of this means of protection. Your application to the Senior Surgeon or to any of the Medical Officers

To the Tamarind 5-7-96

above named will receive the promptest attention. The Government will be glad to receive from you a fortnight hence a report of the extent to which the officials / students under you have availed themselves of this means of protection.

5. I am to add that it will be within your discretion, after a date to be named by you, to refuse admission to your Office / College or School to any person neglecting to get himself inoculated or to produce a certificate of exemption from inoculation on medical grounds from a Medical Officer not inferior in rank to an Assistant Surgeon.

I have, &c.,

Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of Mysore,
General, (Plague) dated 14 November 1898.

No. 19409-46, DATED BANGALORE, 14 NOVEMBER 1898.

ORDER.—The measures adopted for the prevention and suppression of the plague have already cost the Government a considerable sum of money; and it is apprehended that a further expenditure of State funds on a rapidly increasing scale is inevitable, seeing that this dire disease is prevailing in a severe form in the Bangalore City and threatens to spread to other parts of the State. In order, therefore, to keep the cost of Plague Administration within the lowest possible limits, Government deem it desirable to call into requisition at once all the resources available in the way of officers and officials in every department of the State, the entertainment of special additional establishments in connection with the Plague campaign being restricted to places and circumstances, the requirements of which cannot be adequately met by the employment of men from other departments whose services could, without inconvenience, be placed at the disposal of the Plague Commissioner. The Heads of all Departments and the Deputy Commissioners of Districts, are accordingly requested to submit at once a list of officers and officials who can be spared by them for plague duty without necessitating the employment of substitutes to replace those thus spared. The Colleges and Schools, and the Civil Courts at Bangalore will, the Government have no doubt, be able to spare the largest number of officers and officials for the purpose mentioned above, owing to the great reduction of their work during the prevalence of the plague. The Chief Judge and the Principal, Central College, will be separately addressed on the subject.

2. Another point on which the Government wish to lay particular stress is the need for a careful scrutiny of all applications for leave. Government desire that all their officers in the Revenue, Police and Medical Departments should at this juncture remain at their posts unless compelled by illness or very urgent private business to absent themselves from duty. They, therefore, direct that until further orders no leave be ordinarily granted to any officer of these departments except casual leave for short periods or leave on medical certificate. The same restriction as regards the grant of leave applies to the officers of all other departments, as it is desirable that their services should be readily available for plague work whenever and wherever required. Clerical and menial establishments too should not be freely granted leave as it is not unlikely that they will also be called upon to do such plague duty as they may be fit for.

3. The strictest economy should be exercised in every department, all expenditure not urgent or absolutely necessary being scrupulously avoided. In departments and offices where the plague has caused a diminution of work, vacancies whether temporary or permanent, should not as a rule be filled up.

4. It is hoped that in these and other ways the Heads of all Departments and offices will cordially help the Government in their endeavour to carry on the Plague Administration with economy and efficiency.

for Secy. to Govt., Gen. & Rev. Depts.

To—The Plague Commissioner in Mysore.
All Heads of Departments.
The Deputy Commissioners, Districts.
The President, Bangalore City Municipality.

Mxd.—H.&.R.

To

The Secy: to Govt:
Rev: & Genl Departts

Sir,

With reference to the Govt: order No. P.G. 409-48 dated 14th Novr: 1898 calling for a list of officials who can be spared for Plague duty without necessitating the employment of Substitutes to replace them, I have the honor to state that the regular work of the Office has in no way been reduced owing to the prevalence of Plague, but on the other hand, since the outbreak of the Plague in Bombay

Some of the Officials of this Office have been already drafted to Plague ~~Supervision Work~~ duty, and in consequence, the Office work has become greatly deranged and has fallen heavily into arrears.

2. In these circumstances I beg to state that no Officials of this Office can be spared for Plague duty without prejudice to the regular work of the Office.

I have &c

W. [illegible]

Insp. Genl.

Sub'd.

Herewith submitted is a Statement shewing the Strength of the Office Establishment, and who all of the Officials are now on Leave & who, on leave.

The list of pending unanswered refs is already on the Secy's table. The appalling extent to which the list has already reached is, (it need hardly be pointed out,) due to the office work having been

greatly upset ~~for~~
for the last 3 months
Consequent on the
deputation of Lieut
Arnold to Plague
Supervision work.

In these circs, it
is a matter for
the Govt to decide
how far the Office
work may still ~~be~~
further be subordinated
to the requirements
of Plague Dept.
